Press Club Activities Begin Today

PLANNING SESSION — Pictured are conference planners for the MISS TEXAS TEEN contest, and High School Reporters Conference. They are Don Clark, Cheryl McIntyre, Clarissa Gamble, Sylvia Larkins, Romey Johnson, and Daniel Anderson.

The student Press Club at Prairie View A&M College has scheduled its annual activities for Friday and Saturday, April 7-8.

The state wide Miss Texas Teen contest is the seventh in a series and this year's High School Reporters Conference is the second. Approximately 35-40 contestants are expected to compete for the title of Miss Texas Teen, a college scholarship and several prizes.

Over 150 high school students will register for the Journalism Conference. The two-day events will feature several visiting speakers, along with workshop sessions, entertainment and social activities.

The Seven-Up Company will provide a \$500 scholarship to the winning candidate, trophies

for all winners, the official crown and other prizes. Several other business concerns will make awards and the Press Club will again provide scholarships and prizes. The total amount of gifts and awards is over \$2000.

Mrs. Inez Kaiser of Kansas City Missouri, Seven-Up Representative and Public Relations specialist will serve as speaker and consultant in the area of personality and charm. The judges panel of five will again be headed by Bill Still, State editor of the Houston Chronicle.

Several outstanding speakers are being scheduled for the Reporters Conference. Some of them are Mr. Kenneth Brasel, Public Relations Southwestern Bell Telephone Co., Houston and Mr. Paul Havery, Manned Spacecraft Center NASA, Hous-

ton, Texas. Awards will be given during the conference luncheon to Texas High Schools judged outstanding in student newspaper, yearbook, and journalism education.

Assisting the Press Club in sponsorship this year are the Women's Council, Clarissa Gamble President, and the Barons of Innovation Donald Clark, president.

Saturday night, April 8, 1967 KYOK D. J.'s spin records at the annual hop.

Romey Johnson is president of the Press Club and Daniel Anderson business manager.

George McElroy, Yates High-Houston journalism director is again working with Dr. C. A. Wood as co-advisor for the journalism meet.

Lively Interest Shown In Student Elections

Slogans, signs and lawn parties were the sure signs of campaigning for spring elections. All the candidates were striving very hard to win votes for their offices. The candidates were nominated in general student meeting on March 28, 1967. General qualifications were given during the meeting for each office and the candidates nominated were: President—Daniel Anderson, Charles Washington; Vice President—Ronald Reese, Sammy Thompson; Secretary—Amy Davis, Myrtle Williams; Director of Finance—John H. Abercrombie, Florence Portis; Director of Organization—Curtis Thomas; Miss Prairie View—Nancy Bankston, Gwendolyn Armstrong, Valdalyne Fields; Editor of the Panther—Romey Johnson; Editor of the Yearbook—Alphonso Askew; Parliamentarian—Gladys Lockett, Judy McMillian.

All candidates were putting the final touches to their campaigns before voting began on April 6, in the Ballroom from

8:00 a.m. until 7:00 p.m. The choice of selecting the best qualified person for each office was in the hands of the voters.

This has always been the liveliest part of the spring season on campus. The first few notes of music from the Memorial Center always drew the students out to socialize and listen to the candidates speeches. This informal method of getting the voters to get acquainted with the candidates gave the voters the opportunity to question the candidates' promises and proposals. Since the Freshmen were new to the campus campaigning spirits, the candidates went to each dormitory to introduce themselves individually to each Freshman.

In previous campus elections, the students have been voting by checking the candidates of their choice. This spring the students used the voting machines to select officers. Some persons were skeptical about using the voting machines, but they proved to have been very effective in speeding up voting and calculating the votes. The voting machine will find a permanent place in future campus elections.

Judges Named For Texas Teen Naped

A panel of five judges will select the 1967 Miss Texas Teen Saturday night.

W. T. Still, state editor of The Houston Chronicle News is chairman of the judging panel. Other off-campus representatives are Eugene Robinson, public relations department, Mrs. Baird's Bakeries and Miss Jill Melichan, a University of Houston student and reporter for the daily "Cougar".

Campus representatives include Mrs. Pearl Solomon, the wife of Dr. T. R. Solomon and former professor in Home Economics, and Miss Cheryl McIntyre, Miss Prairie View and a former Miss Texas High winner.

All five judges are the same as last year. Mr. Still and Mr. Robinson have judged the contest since it began in 1961. Mrs. Solomon was added to the panel in 1962.

Math Professor Receives NSF Study Grant at Indiana U.

Frederick R. Gray of the Prairie View A. and M. College faculty has been selected among 13 college mathematics teachers to participate in a 1967-68 academic year institute at Indiana University.

Sponsored by the National Science Foundation (NSF), the Institute is designed to permit the participants to study new areas of mathematics and broaden their training in more familiar fields. They will take part in research seminars, observe special programs for gifted undergraduates and prospective school teachers, and make a special study of the requirements of beginning graduate students.

Winners In 4-H Club County Food Show Named

Ruby J. Wiley and Chandra Bell, (pictured above, right) were first place winners in the County Food Show, held on March 18 at Hempstead, Miss.

Boy Scouts Plan Scout Craft Fair

Forty-two thousand Boy Scouts today, Tuesday, kicked off block-by-block ticket sales for the 1967 Scoutcraft Fair, May 5th and 6th at the Houston Coliseum. Tickets were distributed at Scout leader rallies over the entire 15-county Sam Houston Area Council, including Prairie View. Throughout April, Cub Scouts, Boy Scouts, and Explorers will compete for prizes or cash commissions on each ticket sale. The \$1 ticket will admit one adult or two children to the Fair, which will feature 500 booth exhibits and displays of Scouting skills.

Scouts of all ages will participate in the two-day Fair. Cubs (youngest group) will display such activities as bead work, Indiancraft, potato printing, and make-believe games. Scouts (intermediate group) will demonstrate skills in first aid, rope weaving, wood carving, and photography. Explorers (high school age) will present projects in boat safety and navigation, electronics and rocketry.

Paul Haney To Keynote Press Meet

Paul Haney, Public Affairs officer at the Manned Spacecraft Center, NASA, will serve as keynote speaker for the annual High School Reporters Conference beginning today. Mr. Haney will speak at 2:00 p.m. in the Memorial Center.

Scheduled for other general sessions are Mrs. Inez Kaiser, representative of the Seven-Up Company, co-sponsors of both Press Club events; and Kenneth Brasel, public relations officer for the Southwestern Bell Telephone Company area office in Houston.

Workshop consultants include D'Eon Priest, Taylor Publishing Company—yearbooks; Richard Oppenheimer, manager, Radio Station KYOK—Houston; Herbert Provost, Houston and Marion Henry, Prairie View—Photography; Theodore Talbot and Mrs. M. B. Pryor, Moore High—Waco—Newswriting; and George McElroy—Yates High School, Houston—public relations.

College officials and student sponsors are also scheduled on the two-day program.

Men's Day Program

CONTINUED from Page 1

Prairie View A&M College. During the special banquet at 12:15 p.m. President A. I. Thomas will be presented the "man of the year award". This award is being presented to President Thomas for his outstanding contributions to the Dept. of Industrial Education which included the development of numerous programs for that department, for an excellent military record and for his profound interest in student life as president of this outstanding institution since November, 1966.

Dean H. E. Fuller has been chosen unanimously to receive the United Men's Congress Meritorious Award for outstanding contributions to our organization and to the Men of Prairie View.

Dean Fuller has served over 33 years with the college, 18 of these years as Dean of Men. We feel he has been most instrumental in guiding the lives of the male student here on our campus both as a supervisor and Dean of Men during this span of years.

I. E. Honor Society Sponsors Seminar

The Industrial Education Honor Society recently sponsored its first Student-Faculty Seminar in the Memorial Center. The theme for the seminar was "Effective Study Habits For Improving your Grades".

The panel for the seminar was composed of one instructor and one student from three instructional departments on campus. The representatives were Mr. Hubert Smith and Mr. Ervin Holt from the English department, Mr. L. C. McGhee and Mr. Berry from the Drafting and Design department and Mr. T. Hawkins and Miss Dorothy Yancy from the Mathematics department.

The society would like to take this opportunity to mention a few of the highlights of the seminar. Effective utilization of the library was stated as a means for improving your grades. Students should utilize the general and special reference sections, teacher reserve sections and the periodical reading room. Each panelist stated that the place for study should be paramount. The place should be well ventilated and free from loud noises. You should keep pictures of favorite people away from your desk, use sufficient and even lighting, have tools for study available, and try to study alone. However, in the case of some subject matter areas another person is desirable. Students should use a study ratio of 1:2. If you meet a class three hours a week, you should spend six hours in preparation or study for that class. You may spend longer periods of time depending on the subject. Students should also develop a study schedule for each course and follow it as often as possible. It was indicated that many students develop a complex toward certain subjects before they even enroll. This should be avoided if possible. Note taking in all courses is very important. It is not necessary to take each word the teacher says, but develop symbols for taking notes and rewrite them at a later date. You should not study for long periods of time. Breaks should be taken during study periods and try not to become too comfortable or relaxed. Students should think positive toward all courses even though it's not a major course.

Placement Director Attends NEA Meet On Displaced Teachers

Mr. C. D. Yancy, Placement director and Interscholastic League director, has returned from Washington, D. C. where he attended "Project 67" Coordinator Workshop.

The primary objective of the workshop was to secure a list of all displaced or unemployed teacher of minority groups seeking employment in area of the United States and foreign service.

Teacher in the Texas area should contact Mr. Yancy who is a "Project 67" representative for Texas. Application form may be secured at the College Placement Office at Prairie View.

The Public Relation and Resource Committee on Civil and Human Rights of Education is sponsored by the National Education Association.

Notice From Education Dept.

Every student graduating in May, 1967 and after who applies for a teacher certificate must place his Social Security Number on the application form. From this date on the Social Security Number will be the individual's certificate number. Therefore, accuracy in recording the Social Security Number on the application is imperative.

Any senior in a teacher education program who does not have a Social Security Number should apply for one at the nearest Social Security office immediately.

The notice is signed by Dr. John E. Murphy, Director of Teacher Education.

PV Receives NSF Grant

A National Science Foundation Grant in the amount of \$7,640 has been awarded to Prairie View A&M College for support of an "Inservice Science Institute for secondary school teachers, Dr. A. I. Thomas, president at Prairie View A&M announced.

Scheduled for the 1967-68 academic year, the institute will cover the areas of Biology, Chemistry and Earth Sciences. Dr. E. E. O'Banion, chairman of the Science Department at the college will serve as Institute Director.

Upward Bound Project Accepting Applications

The Prairie View A. and M. College Upward Bound Project is now accepting applications for Tutor-Counselors to work with the Upward Bound Project for the 1967 summer program. Students should be upperclassmen, interested in working with high school students from low-income families, and willing to carry no more than one subject during both six-week periods. Majors in teacher education, sociology and other related fields are strongly encouraged to apply.

The program will be in session from June 15th through August 13th. Salaries will range between \$200.00 to \$300.00 per month. Students interested in these positions may secure an application form from the Upward Bound Office, Room 306, Education Building or from the Student Employment Office.

PV Grad Attends Army Engineer School at Ft. Belvoir

Second Lieutenant Carroll C. Ford, 23, son of Mr. and Mrs. Leroy Ford, 501 Dixon St., Lufkin, Texas, completed an engineer officer course at the Army Engineer School, Ft. Belvoir, Va., March 10.

During the nine-week course, he was trained in the operation and maintenance of construction equipment, logistics, administration and road construction.

Lt. Ford is a 1966 graduate of Prairie View Agricultural and Mechanical College, Prairie View, Texas.

Pictured above are members of the United Ministries, Prairie View A&M College, shown with the Most Reverend John L. Morkovsky.

From left to right are: The Reverend W. D. Richardson (Baptist), Father James Moore (Episcopal), Father W. D. Salisbury (Catholic), Reverend M. M. Pierson (Baptist), Reverend W. Van Johnson (Director of Student Activities), Reverend W. C. Phillips (College Chaplain), Mr. E. J. Johnson (Sponsor Baptist Student Movement), and Reverend Andrew Brown (Methodist).

The group posed for the photographer after a dinner meeting sponsored by Dr. A. I. Thomas, President, Prairie View A&M College, Prairie View, Texas.

Working Students May File Income Tax

Working students got word today on how to fulfill their tax obligations to Uncle Sam from James H. Bandy, administrative officer, Internal Revenue, Service, Houston, Texas.

1. Students earning \$600 or more during 1966 must file an income tax return, even if the student is claimed as a dependent by his parents.

2. Students with incomes of less than \$600 during '66 and who have had income tax withheld, should file a return to get these taxes refunded. Usually, a Form 1040A will do the trick.

3. Single students filing a return should claim one exemption for himself, even if he is also claimed as a dependent by his parents.

4. In a community property state, such as Texas, the total combined income of husband and wife ordinarily is considered one-half attributable to each, and the combined tax is usually the same whether a joint return or separate return is filed. However, married students should ordinarily file separate returns with each reporting exactly one-half of the combined income if their parents are entitled to claim them as dependents.

Usually, a telephone call to IRS will get answers to many tax questions.

Staffers Present Papers at Texas Academy of Science

Two members of the Department of Natural Sciences delivered papers at the annual meeting of the Texas Academy of Science, held at Texas A&M Saturday, March 18. Gibson's paper entitled "The Bactericidal effect of erythrocyte hemolysates on the growth of Staphylococcus" was a unique approach in the study of red blood cells in bringing about the death of bacteria. Normally we hear about the part white blood cells play in bringing about antibacterial action but seldom the part played by red blood cells.

Dooley's paper was a study of the comparative toxicity of ABS (Alkyl benzene sulfonate) and LAS (Linear Alkylate Sulfonate) on the mosquito minnow. LAS is a basic component of all detergents which has recently replaced ABS. Among other things the study revealed that ABS is more toxic than LAS and that the females species of the fish withstood the toxic effect better than males.

A former student of Dr. Berry's, Mr. Wm. Nowlin presented a paper on parasites that he started while a student here at Prairie View. Nowlin's work now is being carried out at North Texas State University.

The three papers were well accepted, provoked discussions, interest and commendations.

EDITORIALS

Welcome to Press Contestants and Miss Texas Teen

It is refreshing to hear that the National Education Association (NEA) has organized a program to assist minority group teachers who have been displaced or unemployed as a result of school integration in the south.

This is a growing problem, especially in Texas where many formerly all-Negro schools are closing their doors. It is reported that many school systems have kept all Negro staff members employed in integrated situations, but unfortunately this is not the case in all instances.

Prairie View will continue its long history of service to Texas teachers and education in general as it takes on this new role of assisting good teachers who have been displaced to continue their professions in new areas where they may be needed or wanted.

Good Samaritans

Someone called our attention to the fact that many students rally to help classmates or fellow students in wheelchairs. If you take the time to observe you will see many volunteers helping to move wheelchairs upstairs and across different spots.

There is a real spirit of being helpful, and it makes us on the PANTHER feel good to write about it.

For Rural Electric Coops

Legislation is now pending in the Congress of the United States which has for its purpose the establishment of a sound credit system for rural electric and telephone cooperatives.

The San Bernard Electric Cooperative, Inc., which serves Prairie View and several neighboring counties, is very interested in the passage of this legislation. Our cooperative feels that the legislation is very vital to the area we serve, because without an adequate financing system, San Bernard will not be able to provide adequate, dependable electric power at low cost to rural residents of Austin, Colorado, Harris, Lavaca, Montgomery, and Waller Counties.

Help For Displaced Negro Teachers Coming

The PANTHER is quite proud to welcome its visitors to the Annual Miss Texas Teen Contest and State High School Reporters Conference.

These events are sponsored by the students engaged in publications activities at the college. Students are completely involved, and they run the show. Faculty advisors are helping, of course, but the promotion belongs to students.

Special appreciation is expressed to the high school sponsors who have continually worked with this program over the years. These persons believe in the project and in their students, and they give a great deal of their own time and personal interest in helping to make these projects successful. The same can be said of principals who have cooperated with the sponsors and students. Many have attended the events over the years.

So, we not only welcome you; we are grateful for your presence and your cooperation in helping us widen the horizon for boys and girls in fields where virtually "the sky is the limit."

"Great Is Verretra!"

By Dr. Noble Armstrong
In the concert of acclaimed singer Shirley Verrette, given the Prairie View community March 28, there was afforded music lovers a rare and unforgettable type of inspiration. The vigor and versatility manifested in her widely representative program indicated that another now has a niche secure in the succession of such immortals as Anderson, Maynor, Price and Jackson. For this rising young star the unequivocal verdict is "Great is Verrette!" especially in her inimitable style for spirituals.

The vibrant Spanish themes and the romantic German lieder featured Granados, Obradors, Mahler and Brahms in clear-cut and bold relief. The famous Alleluia, from Mozart's "Jubilate" portrayed a glorious voice capable of meeting the most exacting demands. The Saint-Saens perennial favorite, "My Heart at Thy Sweet Voice," elicited a heart warming response.

But it was in the final group of Copland folk songs and Johnson's arrangement of traditional spirituals that the artistic appeal became irresistible. It is one thing merely to sing a familiar spiritual. It is quite another matter to make one feel to the depths the ineffable pathos of the soul's innermost yearnings. It requires an understanding of the divine task; to interpret as a divine commission the realm of bliss, where the soul seeks unity with the Infinite source of peace and light. Here at last is a singer who has mastered the mental set, the indescribable tenderness of the minor tremor, who has paid the price, hence can strangely move the most unmoved by these celestial messages. Undoubtedly she is without a peer as an interpreter of spirituals.

Commendable indeed was the sympathetic tone shading and finesse always in evidence by accompanist Charles Wadsworth. Several encores were generously given in response to the enthusiastic applause of the audience. To those of deep spiritual discernment there is the abiding conviction that one can never be quite the same again after experiencing the unique inspiration of a Verrette concert.

Grateful acknowledgements are due the Political Science Club and Music Club, whose members served as ushers. Also gratitude is expressed to Dr. Flossie Byrd, Dean of the School of Home Economics, who presided as chief hostess with the Home Economics Majors at the reception held in the Memorial Ballroom at the conclusion of the concert.

Welcome High School Reporter Conference

Blue Ribbon Committee News

TO: "PARTNERS IN PROGRESS"

In an effort to beautify our campus, the buildings and grounds department has initiated a project of planting grass over the entire campus area.

Since this is "OUR" campus and "WE" benefit its beauty, it seems as though "WE" should aid in everyway possible to keep it beautiful.

What can "WE" do to help this situation? Two tasks are necessary at this point:

1. Walk on paved side walks in order to give the grass a chance to grow and eliminate trails.
2. Throw trash in proper receptacles and not on lawns.

PLEASE HELP MAKE OUR CAMPUS BEAUTIFUL

Thomas J. Cleaver, Jr., Chairman
Student Beautification Project

The Story of Jazz

It was in the decade just after World War I, however, the era of the "Roaring 20's", that a real order and a profound consciousness imposed itself upon Jazz. For from the poetry of T. S. Eliot, Carl Sandburg, Vachel Lindsay, and E. E. Cummings, the novels of F. Scott Fitzgerald, the music of Stravinsky, Ravel and Bloch, and in night clubs, recordings, musical comedies and ballrooms came the unmistakable imprint of "The Jazz Age." This was the era of Louis Armstrong, Duke Ellington, and Fletcher Henderson; of Coleman Hawkins, Bix Beiderbecke, Eddie Condon, and Gene Krupa; of Ma Rainey and Bessie Smith. George Gershwin composed RHAPSODY IN BLUE for Paul Whiteman's 1924 concert at the Aeolian Hall in New York, and Broadway night spots such as the Kentucky, the Plantation, and the Cotton became famous throughout the world.

But it is generally agreed that the best of Jazz did not arrive until the advent of "Swing" in 1936. This was the year everyone was humming "The Music Goes Round and Round", when Benny Goodman was breaking all records at the Palomar Ballroom in Los Angeles and broadcasting his long Jazz sets on NBC. When the boites on Fifty-second Street in New York were packed with devotees, it had come to hear "the Jazz". But most important this was the year when the talents of Negro and white were fused in a definitive sound. Lester Young, Beeny Moré, Harry James, Teddy Wilson, Charlie Venuta, Roy Eldridge and Anita O'Day were hailed as the new Jazz greats. From began to take sides as to who were the best performers of the music represented the Jazz, and the form was written about everywhere with seriousness and enthusiasm. So fully accepted was the Jazz band that Benny Goodman was invited to perform at Carnegie Hall in 1938. And this, too, was the era of the birth of "Jazz Poll", with Bud Freeman, Eddie Miller, Artie Shaw, Lionel Hampton, Ziggy Elman, Billie Holiday, Tommy Dorsey, Max Roach, Fats Waller, Art Tatum, Frank Sinatra, Woody Herman, and Ella Fitzgerald among the perennial favorites.

By the early 1940's, another enormous change was taking place. Swing was coming to the end of its popularity. "Bop" took hold, and the bands were almost ready to move over in favor of the small ensembles. "Bop" emerged from the Fifty-Second Street clubs and from Harlem's Minton's Playhouse. Here Ella Hines, Billy Eckstine and Dizzy Gillespie introduced the new rhythm, and here all sorts of instruments such as the guitar, accordion, flute, cello and electric organ were revitalized. New Jazz, "cool Jazz", was introduced by Stan Getz, Zoot Sims, Dave Brubeck, Lee Konitz, Gerry Mulligan, Short Rogers, Jimmy Guiffre, Chet Baker, Bud Shank, and Shell Manne, among others. The East and West Coast schools of Jazz were fully developed. And a whole new Jazz language — beat, bop, boogie-woogie, cat, clinker, cubo, cool, corn, crazy, daddy, disc jockey, drag, flip, gas, groovy, hip, jam session, kicks, off-beat, pad, pot, square, and wail — was born.

The Fifties and Sixties have seen new Jazz forms emerge or, in some cases, reemerge. From rhythm 'n blues and Boogie Rock 'n Roll, from Ray Charles, Della Reese, the Claret Ward Singers, Brother John Sellers and Marion Williams have come the resurgence of Gospel music, from the "cool jazz", the big band is beginning to make its mark again. The story of Jazz is as varied, exciting, and rich as the story of America itself, and it is this story that internationally-acclaimed artist Mario Williams and her outstanding company of singers-dancers-musicians create so brilliantly in THE SOUL OF JAZZ, which comes to the Prairie View Field House on March 20, 1967.

America was named by a German professor in a French college after an Italian navigator, Amerigo Vespucci, who was in service to Portugal.

Cultural Series Continues

Beginning with the December 1, concert by the Houston Symphony Orchestra, Prairie View A&M College's Cultural and Fine Arts Committee has presented three other outstanding events with plans for five more before the school year closes.

The National Shakespeare Company's presentation of "Hamlet" on February 17 was a highlight in the series and attracted several thousand persons, including area school children and patrons from nearby towns and communities. The college committee has pushed publicity for the events and have come up with all sorts of attendance records for strictly cultural programs.

All events are scheduled in the 6000 seat field House and all so far have been very well attended.

A very delightful and unusual presentation was the Spanish Dance group headed by Jose Molina.

The remaining schedule includes — The Texas Boy's Choir, April 10, Houston Woodwind Ensemble — April 15, William Warfield, baritone, April 29, and The Houston Virtuoso Quartet on May 15.

The committee, which is headed by Dr. Earl Lewis, chairman of the Prairie View department of Political Science, continues to urge school and other community groups, as well as individuals, to attend these free performances.

IVS Representative Talks on Overseas Opportunities

Mr. Paul B. Altemus, a representative of International Voluntary Services, Inc. (IVS) visited the campus on Thursday, April 6, to discuss overseas opportunities.

IVS, founded in 1953 as a private, non-profit organization, provides small scale technical assistance and works directly with the peoples of developing countries. Over 200 volunteers are now in Southeast Asia in the fields of education, agriculture, rural development, and youth work.

I. E. Honor Society

partment, develop the ability to read and analyze each problem, develop the ability to read and understand what is to be done with a problem prior to working it. Work on several problems from many sources and practice in working problems is very important. Drafting and Design Department, overcome the concept of a dislike for the subject and consider it a part of your technical major. Take short breaks while drawing problems, and develop a drawing schedule and follow it.

The second seminar is planned for May and will be concerned with examinations. A specific topic has not been determined. Make plans now to attend the second student-faculty seminar sponsored by the Industrial Education Honor Society.

The curriculum for Air Force Junior ROTC is designed to cover the major aspects of aviation and space at the high school level.

On April 21st thru the 29th, the 24th National YWCA Convention will convene in Boston, Mass. The Local YWCA at Prairie View will be presented by Dorothy Douglas. The convention will focus on responsible leadership. This convention will implement new assess of quality of education and new insights and knowledge on preparing young women for their multiple roles in society.

Teachers Issue Statement To Stop War in Vietnam

In a newspaper advertisement believed to be unprecedented in size, more than 6,750 teachers (nursery school through university) issued a statement calling on the American people to stop the war in Vietnam by mobilizing public opinion in their communities.

Co-sponsors of the advertisement were the Inter-University Committee For Debate On Foreign Policy (Organizers of the Teach-In) and the Teachers Committee For Peace In Vietnam.

The statement was signed by 4,112 teachers and 2,654 college and university faculty members in 37 states, including 11 American university faculty members teaching in Canada, Denmark, and France.

The statement noted that "the war continues because vital facts about its origin and development have been deliberately glossed over, distorted, and withheld from the American people. Only an informed public opinion can stop this barbaric conflict before it escalates into nuclear war. Take the lead — get in touch with a like-minded colleague, a friend, a clergyman, or a neighbor. Decide together what you can best do to get the facts into your community."

The thousands of educators who signed the statement asked the American people to join them in urging that the United States Government:

1. End all bombings both in North and South Vietnam.
2. Declare a cease-fire.
3. Adopt the realistic position that the National Liberation Front is the representative of a substantial portion of the South Vietnam people and is thereby entitled to play a role in any future Vietnam government.
4. Arrange to implement the 1954 Geneva Accords which call for the removal of all foreign troops from Vietnam.

The statement on Vietnam and the names of the signers are reproduced in 2 and ¼ pages in the "News Of The Week In Review" section of the March 12 NEW YORK TIMES (pages 5, 6, and 7.)

The unprecedented number of signatories (6,766 educators) is indicative of the growing opposition to the war in Vietnam.

Houston Youngsters Learn Firearm Safety

Representatives of industry, commerce, conservation and recreation groups have joined in a cooperative project to teach Houston area youngsters the essentials of firearms safety and familiarization.

Open to boys and girls 12 and over, the all-day program of firearms safety education and shooting orientation, to be held Saturday, April 8, will be sponsored by Oshman's Sporting Goods Company in cooperation with the Texas State Conservation Department, and the Winchester-Western Division of Olin Mathieson Chemical Corporation.

Youngsters successfully completing the special program will meet the four-hour instruction requirement in Hunter Safety Training to obtain a National Rifle Association certificate of qualification. They will also acquire automatic membership in the Oshman chapter of the Winchester Teen Hunters Club, an organization inaugurated by the Winchester shooting development department, at the request of parents seeking proper firearms instruction for their youngsters.

The first half of the session will include instruction and demonstration from 9 a.m. to noon, at the White Wing Winchester Public Shooting Center, 555 Davidson Road, Pasadena, Texas. Youngsters will learn the rudiments of firearms operation, their proper handling and safe use, through discussion and demonstration by National Rifle Association certified instructors, as well as accredited Texas Hunter Safety Training instructors.

The second part of the program, from 1:00 to 5:00 p.m., will consist of actual live firing at clay targets on the skeet and trap fields. Under the supervision of William Tanner, manager of the White Wing Winchester Public Shooting Center, the boys and girls will receive individual shooting instruction. Winchester-Western shooting development personnel also will be on hand to assist with the instruction.

Youngsters interested in participating in the special program must register at any of the seven Oshman sporting goods stores in the Houston area. Registrations will close Friday, April 7. A range fee of \$5.00 is the only charge that will be made for participation.

A Winchester Model 270 slide action 22 rifle will be given away as a door prize. A drawing for the rifle will be held at the conclusion of the day's activities.

(Mrs.) Rebecca Berman, coordinator of the Teachers Committee For Peace In Vietnam, pointed out that this is particularly significant in view of the fact that a different advertisement (Mr. President: Stop The Bombing), also necessitating contributions by its signatories, was being circulated in the colleges and universities at the same time.

The other sponsoring group, the Inter-University Committee For Debate On Foreign Policy, in order to develop community awareness of the issues in the war, recently helped initiate the Spring Mobilization. Mobilization plans call for massive demonstrations on Saturday, April 15, at two protest centers - New York City and San Francisco - of people from all over the United States.

MISS PRESS CLUB 1967-68 — During the annual Press Club Banquet, April 3, 1967 the new Miss Press Club was elected by the members. Betty Tompkins was elected Miss Press Club for 1967-68. The first runner up was Jonnell Harris. Betty is a sophomore architectural engineering major from Bellville, Texas. Jonnell is a junior library science major from Coldsprings, Texas.

Students Hired By Humble Oil Company

The College students George Shankle and Robert Ware have been employed by Humble Oil Company as Processing operator-Trainees.

Shankle and Ware took a special test for the jobs along with 286 others. A total of 37 were hired, including five Negroes.

Air Force ROTC's Angel Flight, an auxiliary of Arnold Air Society, originated in 1952 at the University of Omaha. It became a national organization in 1957.

U. S. Army Airborne - All The Way Exhibit

From the Bastognes of yesterday to the rice paddies of Vietnam today, U. S. Army paratroopers have proven that no mission is too tough for the Airborne Soldier.

A new action exhibit on these 'Action Army' paratroopers is scheduled to appear at Prairie View A&M College, Prairie View, Texas on April 15-18, 1967 at the Memorial Center.

Entitled "U. S. Army Airborne — ALL THE WAY," its story ranges from the parachute Test Platoon of 1940, through the battlefields of World War II, to the Bien Hoa's of Vietnam and into tomorrow.

A photo-journey to the paratroopers' World War II battle-

fields is offered via on-the-scene photographs taken during Army Airborne operations from Sicily to the "impossible" 500-foot jump into Corregidor.

The future-Army paratrooper is shown in original artwork — artists' concepts of the men and means of tomorrow's Army Airborne forces.

Three-dimensional scenes and color photography set the pace for a presentation on today's Airborne strike forces, the Army's instant-response soldiers who stand ready to meet any enemy's challenge to national security, anywhere, anytime.

The Airborne soldier's double-rugged training is highlighted in a sight and sound visit to the Parachute School at Fort Benning, Georgia. Here, visitors will see and hear ground-borne soldiers become the fighting machine called "Paratrooper" during the three-week school.

A working scale model of the Parachute School's 250-foot Free Tower highlights the exhibit's training display.

Army Airborne exhibit visitors also will have a chance to go "ALL THE WAY" on a tactical training parachute jump. A color movie especially filmed for the exhibit is presented in a look-down-to-see "Parachute Theater." Viewers will join Airborne soldiers aboard a U. S. Air Force C-141 "Starlifter," then jump with them from 1,250 feet and impact on the drop zone nearly two minutes later.

"U. S. Army Airborne — ALL THE WAY" was produced by the U. S. Army Exhibit Unit, an activity of the Office, Chief of Information, Department of the Army.

Why don't you ever hear nostalgic stories about "the good old days" before Tampax tampons?

Just think what women had to go through every month before there were Tampax tampons.

Actually, every feature of Tampax tampons was designed to eliminate at least one drawback of the pin-pad-belt contraptions women once had to use:

- Tampax tampons don't show when they're properly in place, so women now can wear their most attractive clothing any time.
- Odor can't form when you use Tampax tampons.
- Tampax tampons can't chafe.
- Your hands never have to touch the tampon.
- Do away with disposal problems. The tampons and their applicators flush away discreetly.
- Tampax tampons are so small they can be tucked away inconspicuously in purse or drawer.
- No wonder millions of women, married and unmarried, say three cheers for the good new years Tampax tampons have brought to them.

A Medical Service Corps Of World War II. He resides with ficer, Major Cole has received his wife and three children at the 75th Maneuver Area Com- Prairie View, Texas.

Queens Elected - Coronation Planned

The ROTC Brigade proudly announces to citizens of the Prairie View Pantherland its parade of Queens for the school-year 1967-68.

At the top of the list as "Miss ROTC" is Miss Nancy McIveen who is the daughter of Mr. and Mrs. Garland McIveen of Dallas, Texas. She attended James Madison High School and was graduated from Franklin D. Roosevelt High School in 1965. While there, she participated in the Student Council, Charm Club and Dance Club and won awards in business, Spanish, music and leadership. Presently, Miss McIveen, who is a sophomore physical education major and business education minor holds such titles as "Miss Les Belles Lettres" and Best Dressed Girl of the Sophomore Class; she is an Alpha Kappa Alpha Debutante, majorette, and a sophomore student council representative. Her hobbies include decorating, horseback - riding, dancing and drawing.

Next on the list is Miss Ruth Kennedy, "Miss First Battalion." Hailing from Tyler, Texas and majoring in nursing, she is a member of the Tyler-Prairie View Club and the Student Nurses Association. Her parents are Reverend and Mrs. Lofton Kennedy of Tyler, Texas. "Miss First Battalion" began her tenure as a queen when she was selected "Miss Tyler-PV" for school year 1965-66. She also enjoyed the status of salutatorian of her high school graduating class. Her hobbies include singing, sewing, reading, cooking and hair styling.

Occupying the position of "Miss Second Battalion" is Miss Mary Delores Frances, a citizen of Paris, Texas. A 1965 graduate of Gibbons High School, she enjoyed such secondary school lev-

Medal of Honor Awarded

By cadet Major Lovette Coulter

The Medal of Honor is the highest honor that can be earned by a soldier. It signifies that a soldier has in the face of death risked his life well above and beyond the call of duty for his country and fellow soldier without regard for his own safety. On the battle fields of Viet Nam many American soldiers are fighting and dying defending the rights of free men against communist aggression. On the battle field the enemies bullets have no regard for race, creed or color. Specialist Joel, to whom this medal is being awarded, is one of many Negro soldiers who are proving their patriotism and loyalty to their country.

The following are the President's remarks upon awarding the medal of Honor to specialist 6 Lawrence Joel, March 9, 1967: Medal of Honor

The President's Remarks Upon Awarding the Medal of Honor to Specialist 6 Lawrence Joel, USA, March 9, 1967

Specialist Joel, members of your family. Mr. Vice President, Secretary Resor, distinguished Members of Congress, ladies and gentlemen, members of the press:

We have come here today to honor the courage of a very brave soldier. His was a very special kind of courage — the unarmed heroism of compassion and service to others. The conduct of Specialist 6 Lawrence Joel, reflects, I believe, the role America itself must play on every battlefield of freedom.

In the face of death, in the fury of ambush, he risked his life that other men might live. Wounded twice, Specialist Joel crawled for more than 12 hours, through unceasing enemy fire to bring others of his fellowmen to safety.

In those dark, dangerous hills, with the enemy only 30 feet away, he sustained the faith that our fighting men place in the medic — their constant comrade, always ready to back their courage and to bind their wounds.

Today, in this quiet American garden, we acknowledge our great debt to Specialist Joel for his great dedication in that savage action.

It is a terrible truth that suffering is so often the price of freedom. But freedom is indivisible: to protect it in distant Asia is to maintain it here in America.

The willingness of Specialist Joel to die for freedom in the remote Vietnam province of Bien Hoa indicates, as nothing else could, the willingness of his country to sacrifice, to stand, and to persist in freedom's cause.

As we salute the valor of this soldier, we salute the best in the American tradition.

Just as he sustained those who fought for freedom in War Zone D, so shall we.

Just as he bound up their wounds, so shall we. Just as he cared for his fellowmen, so does all America care for those with whom we share this planet.

America, too, stands behind the fighter who is struggling to prevent subjugation; America is willing to make sacrifices in order that all men may know the joy of peace and security; America, too, is dedicated to the highest of all principles — that of serving mankind in its endless struggle toward a better,

ROTC and College Option Plans

Here are some highlights of the Army's ROTC and college OCS option plans: Army ROTC scholarships are designed to offer financial assistance to outstanding Young men who are interested in an Army career. Non ROTC college graduates may enlist and be guaranteed attendance at OCS.

High school graduates about to enter college for the first time may apply for four-year ROTC scholarships which provide free tuition, textbooks, laboratory fees and \$50 a month. Pay during a six week summer training period at the end of

the junior year is \$147.30 a month.

ROTC students in college who complete the first two years of ROTC and are selected for Army ROTC advanced course may apply for two year ROTC scholarships providing the same incentives as the four-year scholarships.

College Seniors may enlist in the Army specifically for and be guaranteed enrollment in OCS. To qualify, the applicant must be at least 18 years of age and not have passed his 27th birthday. He must also be a graduate of, or a senior in a college or university recognized by the U. S. Department of Health, Education and Welfare. ROTC training is not required. After enlisting, the applicant must complete Basic Combat Training and Advanced Individual Training prior to beginning OCS.

least of our ROTC Queens is "Miss Counterguerrilla" in the person of Miss Sylvia E. Larkin. Coming from Dallas, Texas and being graduated from James Madison High School, "Miss CG" was a member of the National Honor Society, Concert Choir, and Charm Club. She was voted "Miss Congeniality" during her tenure there. A sophomore sociology major and psychology minor, Miss Larkin includes in her activities Press Club, Newman Club, Dallas-PV Club and Cheerleaders. She was named "Miss Press Club" of 1966-67; her interests include swimming, bowling, reading, mod-ling, creative dancing, listening to records and meeting people.

ROTC BALL AND CORONATION

In recognition of and in tribute to its newly elected queens, the ROTC Brigade has planned to give its annual ROTC Ball and Coronation. The affair, which is scheduled for April 14, 1967, proposed to be the most outstanding affair of the school year. It is during the festivity that the newly elected "Miss ROTC" and her court are presented. Both outgoing and incoming ladies are honored by allowing each to reign over the Ball at given intervals; the outgoing queens the first half and then the newly elected ones.

The theme for this year's ball is "Harbor Lights" and the cadets have done much work to develop this idea. Music for the affair will be provided by John Roberts and the Hurricanes. The crowning of Miss McIveen as "Miss ROTC" will be done at intermission.

Another reason for the ROTC Ball's being such an outstanding affair is that it follows the day

Epsilon Pi Tau Honors 17 Students At Sixth Annual Founder's Day Banquet

Beta Iota Chapter of Epsilon Pi Tau, Inc. held its Sixth Annual Initiation and Founder's Day Banquet at Prairie View A. & M. College on Saturday, March 18, 1967.

Epsilon Pi Tau, Inc. was founded at the Ohio State University in 1929. The organization is an international honorary, prestige, leadership and professional fraternity for persons in Industrial Education and Technical Education. There are 64 chapters on college campuses and 14 field chapters in major cities of the United States and in several foreign countries.

The purposes of Epsilon Pi Tau are to develop technical skills, promote social efficiency, and foster research.

of the Annual Formal Inspection (AFT). This inspection is the culmination activity as far as "duty" or work is concerned. The cadets will be exhausted because of their long and tedious preparations for this day. Having applied themselves diligently to the cause and after having built up some animosities, these cadets display with their dates the new dances.

ROTC Inspection Thurs., April 13

The Annual General Inspection of the ROTC Brigade and its facilities will be held Thursday, April 13, 1967, at Prairie View. The team who will conduct the 1967 A. G. I. are:

Col. William E. Neidner, Chief Inspector
Lt. Leslie W. Bailey, member
Maj. Jesse Bruton, Jr., Secretary

The inspection will include military courtesy, smartness of appearance, attitude of students, student general knowledge of subjects previously taught, dismounted drill, military unit training, student attendance at drill and classes, maintenance of weapons and uniforms, and all other areas which make an effective ROTC unit.

The brigade will form up in See ROTC INSPECT., Page 11

Membership in the fraternity is by election of students from the top 10 percent of the junior and senior classes. Alumni, industrial and business executives are elected to membership on the basis of leadership, professional contributions, and outstanding achievement.

The banquet speaker was Mr. Thomas D. Armstrong, Business Executive of Galveston, Texas.

The highlight of the evening was the presentation of the Honorary Citation to Dr. A. I. Thomas by Dr. W. E. Warner by amplified telephone from Columbus, Ohio. Dr. Warner's presentation was heard and enjoyed by the entire body, just as though he was present. Dr. S. R. Collins also presented Dr. Thomas with a plaque from the Fraternity.

Two students were honored for their achievements. Mr. Kenneth Farmer received an award for scholarship, and Mr. David Kirkpatrick received an award for outstanding service to the school and college. Dr. Collins also made these presentations.

The undergraduates initiated

included: John Abercrombie, Wayne Buster, Clara Crawford, Earley E. Ervin, Joe D. Fisher, Jimmy Ford, Arthur Franks, Thelma L. Hall, James E. Jackson, Clarence Porter, Connie Ray, Kenneth Smith, James H. Spriggs, Isreal Toliver, Delores Trout, Euothophus Tyiska, and Joe Wickware.

Graduate and alumni members initiated included: Mr. W. J. Bell, Instructor, Prairie View A. & M. College, Prairie View, Texas; Mr. Richard Carr, Minority Group Representative for the Houston District, Houston, Texas; Mr. H. L. Jones, Department Head, Prairie View A. & M. College, Prairie View, Texas; Mr. Fred Marshall, Owner and manager, Marshall Printing Company Houston, Texas; Mr. J. D. Oliver, Instructor, Southern University, Baton Rouge, Louisiana; Mr. A. A. Peterson, Department Head, Prairie View A. & M. College, Prairie View, Texas. The Laureate Citation was awarded to Mr. William H. Stickney, Head of Printing Department, Prairie View A. & M. College, Prairie View, Texas.

New PV Song

by Mrs. Sally Allen

"Onward, Upward Prairie View," is the title of a new college song written by Mrs. Sally O. Allen of the College's Music Department.

Dr. A. I. Thomas, president of the college, said of the new song — "It's definitely 'in tune' with the new image of the college."

Mrs. Allen plans to seek a copyright and have copies printed for local sales.

From The Internal Revenue Service

Tax News

Income tax refunds of many south Texas taxpayers are being delayed because they have not used the right tax table or schedule to compute their tax, IRS reported today.

R. L. Phinney, IRS District Director said that the IRS Service Center in Austin, where re- turns from the eight-state Southwest Region are processed, reports that so far this year, 11,313 showed that the wrong tax table or schedule was used to calculate the tax due.

Phinney urged taxpayers to use the right table or schedule when they file returns. By making sure the right one is used a taxpayer can save the govern- ment money and avoid any delay in receiving a refund.

There are tax tables on Form 1040 for married couples filing joint returns, single persons and married couples filing separate returns and for unmarried persons who qualify as head of household.

On the 1040A, there are tax tables for single persons, married couples filing jointly and for married couples filing separate returns.

Another major reason for delay in issuing refunds, Phinney said, is the failure of taxpayers to include their correct Social Security numbers on the tax return. As of last week, 1,271 re- funds had been delayed in south Texas because of incorrect or missing Social Security num- bers.

He also reported that to date other refunds are being held up because of a variety of other errors or failures to comply with instructions mailed to each tax- payer with his tax forms.

Tax returns filed up to last week included 2,630 without the signatures of husband or wife or both. These will have to be sent back to the taxpayers before re- funds can be processed.

Returns with errors in arith- metic which are causing delays in sending refunds so far total 14,718 in the Austin District.

As of last week, Phinney con- cluded, the IRS Service Center had processed \$29,548 refunds for a total of \$42,138,413.

I. E. Major Gets Post As NIAA Reporter

Everett Loeb, a sophomore, in the School of Industrial Educa- tion and Technology, has been elected reporter for the Ameri- can College Students Industrial Arts Association; the college student division of the American Industrial Arts Association.

Loeb graduated from Lincoln High School in Port Arthur, Texas. He is a member of the I. E. Honor Society, treasurer and acting president of the P. V. S. I. E. A., and vice-president of the Newman Club.

The national reporter is re- sponsible for the assimilation of all industrial arts college club activities throughout the United States; these activities will be published in the National Voca- tional and Industrial Arts Jour- nal. Loeb was also elected re- porter for the Texas College In- dustrial Arts Association, Feb- ruary 25, 1967 at Texas A. and M. University.

The A. I. A. A. Convention was held in Philadelphia, Penn- sylvania, March 14-19, 1967.

Everett Loeb

Three students and one sponsor represented the School of Industrial Education and Technology, they were Fred Carter, national treasurer of the National College Clubs; Brady Davis; Everett Loeb; and sponsor W. J. Hall.

A portable display in addition to brochures was carried to the convention depicting Prairie View A. & M. College and the various departments of the School of Industrial Education and Technology.

The A. I. A. A. Convention will be held in Minneapolis, Min- nesota next year April 30 and May 1-2-3, 1968.

Students Corps Organized For Hospitality Services

Nearly 100 students have been selected by their academic de- partments to serve on a men- or-women organization on campus called the Student Corps.

The group will be concerned with assisting the college in public relations representatives and in helping to improve the college image in general. They will work with a faculty Campus Host Activities Committee which includes A. D. Stewart, Chairman, E. A. Brennan, T. Brooks, J. L. Brown, W. A. Curtis, A. L. Foston, Jr. Phillips, Lloyd J. Stark, C. A. Wood and J. J. Woods.

Student Corps members are Daniel Anderson, Kilgore; Gwendolyn Armstrong, Miami, Florida; Kenny Arnold, Texas City; Patricia Avington, Hous- ton; Earnest Barnes, Waelder; Donetta Beverly, Kilgore; George Bostie, Brookshire; Lu- cious Buges, Huntington; Velma Burrs, Hillister; Ola Burton, Waelder; Patricia Bush, Hous- ton; Vacal Caldwell, McGregor; Joanne Cleveland, Cleveland; Ella Collins, Austin; Clara Crawford, Washington; Kowa- ther Davidson, Hooks; Lonnie Davis, Hemphill; Mose Davis, Baytown; Elizabeth Deary, Aus- tin; Joseph Dixon, Dallas; Rob- ert Duckens, Temple; Wialim Ech- ols, Waco; John Elmore, Cold- springs; Otis Evans, Brenham; Kenneth Farmer, Wayne, Pa.; Dwight Fields, Houston; Annie P. Fletcher, Seymour; Clarissa Gamble, Hubbard; Odessa Gar- land, Dekalb; Ervia Grice, An- gleton; Darla Guinn, Alto; R. Hadnot, Jasper; Thelma Hall, Oakhurst; Wanza Harris, Nac- odoches; Sonva Hill, Prairie View; Alfred Howard, Los An- geles, Calif.; Irving Hurdle, Washington, D. C.; Eddie Ja- cobs, Henderson; Waverly Jeff- erson, Wharton; Melvin John- son, Longview; Mollie Johnson; Mary A. Jones, Timpson; Her- man Kelly, Cameron; Carolyn Kennedy, Prairie View; Rose H. King, Cooper; David Kirk- patrick, Chicago, Ill.; Aggie R. Kirksey, Newton; Ruth A. Lee, Hearne; Albert Lester, Clarks- ville; Callie Livingston, Hous- ton; Alice F. Lockett, Linden; Willie Lott, San Antonio; Juan- da Loud, Dallas; Elsie Marshall, Houston; Willard Mays, Bren- ham; William Melton, Los An- geles, Calif.; Carl Moore, Deni- son; Charlene Murphy, Hous- ton; Nathaniel McClinton, San Antonio; Vivian McGregor, Smithville; Gloria Neal, Ever- ton; Isaac Osborne, Plainview; Norma Payne, Beaumont; Ad- olphus Pinson, Palestine; James Peters, Bay City; Diane Polk,

Centerville; Ivry Pollard, Tex- arkana; Louise Poindexter, Cooper; Joyce Range, Port Ar- thur; Ronald Reese, Waco; Eu- nice Richard, Dallas; Eddie Shelby, Jasper; Ruth Siner, Houston; Gladys Spikes, Hous- ton; Helen M. Tate, Port Ar- thur; Rachel Terral, Victoria; Dorothy Thomas, Odessa; Ever- ett Scott Thomas, Sulphur Springs; Ferris Trimble, Hen- derson; Henry Upton, Schulen- burg; William Watkins, Huns- ville, Shirley Whitaker, Long- view; Roger Whitmire, Hous- ton; Joe Wickware, Tyler; Bob- by Williams, Waco; James L. Williams, Victoria; Scott Wil- iam; Velma Williams, Jackson- ville and Grace Winston, Tyler.

PV Grad To Serve With Aid in Vietnam

Alfred H. Brailsford of 12014 Segrest Drive, Houston, Texas, has joined the Agency for In- ternational Development as an Assistant Provincial Represen- tative in Vietnam. For the next two years he will be working directly with local officials and rural people in one of the coun- try's 43 provinces.

AID administrators United States foreign assistance programs. It assists developing nations to become economically self-sus- taining.

In Vietnam, AID is helping the people to resist aggression and build the foundations for future growth. The Agency pro- vides technical know-how and goods to increase food produc- tion, improve health and educa- tion, stabilize the economy, sup- port refugees and, in general, to help pacify the country and raise the quality of the people's lives.

Brailsford will assist a Pro- vincial Representative, who ad- vices local Vietnamese officials and administers all AID activi- ties on the provincial level. He is responsible for activities such as providing food and blankets for refugees from com- bat zones; seeing that new seeds, fertilizer and agricultural training get to the farmers; helping set up rural electric co- operatives; obtaining cement and roofing for self-help village schools and many other activi- ties.

Prior to joining AID, Brails- ford was Commandant of the National Defense Cadet Corps of the Houston Industrial School District. He retired from the Army last May. He is a native of Burkeville, Texas, and grad- uated from Prairie View A & M

PVSIEA FIELD TRIP — Industrial Education class tours the Sheffield Company and Cameron Iron Works.

P.V.S.I.E.A. Members Make Field Trip

The Industrial Technology section of the Prairie View Stu- dent Industrial Education Asso- ciation toured the Sheffield Steel Company and Cameron Iron Works, Monday, April 3, 1967.

Forty industrial education majors in the School of Indus- trial Education and Technology participated. The function of these planned field trips is to help keep the students current

with our industrial society, Mr. H. L. Jones states.

Another field trip is planned for April 12, 1967. This trip will include the Mission Manufac- turing Company and the Big Three Welding Company, both of Houston, Texas.

Faculty sponsors include Mr. H. L. Jones, sponsor of Indus- trial Technology section, Mr. Andrew Matthews, and Mr. Lloyd Boyden, co-sponsors.

Proposed College Legislation Cause Increase in Tuition

College students and their parents were cautioned not to become unwitting supporters of a proposal that would lead to higher tuition fees across the country.

The warning came from the National Association of State Universities and Land-Grant Colleges and the Association of State Colleges and Universities.

In reaffirming their opposi- tion to proposed federal income tax credit for educational ex- penses, the Associations urged the 90th Congress and citizens

College, Prairie View, Texas in 1951.

Brailsford is the son of Mr. and Mrs. Artie Brailsford, Route 1, Newton, Texas and is mar- ried to the former Dorothy Lee Smith of Houston. They have two children: Renwick A., 11 and Erie A., 3.

not to be deceived by the scam- ing attractiveness of the pro- posal.

The only way colleges could benefit from tax credits would be by hiking tuition, the asso- ciations noted, and this in turn would increase — not reduce — the burden of college costs that many families now bear.

Legislation to authorize the tax credits has been introduced at every session of Congress over the past several years, al- though it has yet to win major- ity support. In its most fre- quently cited form, the proposal would allow taxpayers to deduct up to \$325 from their annual tax.

Proponents of the measure have sought to emphasize the financial relief it appears to im- ply for parents of college stu- dents. But the 300 publicly-sup- ported institutions are convin- ced that "tax credits would offer most help to those who need it the least — while giving the least help, or none at all, to those who need it the most."

The associations noted, for ex- ample, that relatively high-in-

Debate Society

Two weeks ago, members of the Prairie View A&M College debate club were guests at Langston University, Langston, Oklahoma.

The debaters that 'matched wits' with the Langston debaters are: Jacquelyn Johnson, Wayne Harris, and Willie Dowden. We participated in two non-decisional debates. The first was Prairie View vs Langston. The second was Women vs Men. That is, the debaters from both schools were grouped according to sex — women on the affirmative and men on the negative.

We were given first-class treatment as guests of the Langston debaters. We're looking forward to the time when the Langston debaters will be guests on our campus, which will be in the near future.

Reporter: Jacquelyn Johnson

KOB

Spring greetings to all of you. The Kappas were definitely in the swing last Saturday night as they kicked off the formal ball season at the annual Blue and White Ball, held in the Memorial Center Ballroom. The theme for this year was MOONLIGHT IN KAPPLAND.

The ladies of navy blue and white were their most charming and irresistible selves as they displayed their elegant navy blue and white ball gowns. Some were made of peau de soie, while others were made of crepe, but we assure you they were of the utmost divinity.

The band for the occasion was the YOUNG AMERICANS from Houston, Texas. Very hep and very peppy.

This great ball was only the beginning, as we are now preparing to attend the Green and White Ball. This is the annual joint dance given by the Kappas and our club brothers, the BARONS OF INNOVATION. We know it will be another spectacular, so if you were not fortunate enough to attend the Blue and White Ball, perhaps you'll

Dallas PV

At this time the Dallas P. V. Club would like to make the announcement of the last official appearance of the Press Club's beautiful Queen and one of our own — Miss Sylvia Larkins. She has reigned with all the spirit and excellence fitting a Queen and we, along with the Press Club, would like to congratulate her for a job well done.

Also on our agenda of news we would like to announce the coming of two very attractive young female Dallas-ites from the Pinkston and Roosevelt High Schools in Dallas who will be here to compete against the many lovely representatives from other high schools of Texas for the coveted title of Miss Texas Teen. So we are extending our welcome to each of them and especially the beautiful Miss Diane Roseberry from Pinkston and the lovely Miss Janice Long from Roosevelt.

Reporter: Paulette Everett

ASCE

The Prairie View Student Chapter of the American Society of Civil Engineers held its monthly meeting March 15. Dr. R. S. N. Rao, chairman of the Civil Engineering Department, presented badges to four freshmen and one junior who are new members. They are — Mary Anderson, Civil Engineering; James Ealy Civil Engineering; Roscoe Whitfield, Architectural Engineering and Willie Lott, junior, Architectural Engineering. Each member received three magazines which were compliments from The ASCE Student Chapter.

Robert Hollis, Secretary-Treasurer, gave a brief summary of the National ASCE Convention held in Dallas on February 6 and 7 which was attended by seven PV students.

Mr. C. T. Luke, Professor of Civil Engineering, showed a film entitled "Steel is the Farmer" which was enjoyed by everyone. The meeting was then adjourned by President George Hadnot.

All American City

Well fellow Panthers, everyone seems to be trying to get back into the hum-drum college life after the Easter holidays. In Fort Worth during the holidays, members of AACC attended a "Bon Voyage" party for Moses "Lollypop" Brown and James "Paul Anks" Paris before leaving for a hitch in the Army.

The All American City Club sponsored its annual spring semi-formal on March 30, 1967. As usual, it was really out of sight. The ballroom was expertly decorated under the supervision of Sherman Williams, Robert Bowser, LaVern Jordan

Phi Beta Lambda

The members of the Epsilon Beta Chapter of Phi Beta Lambda have begun to help beautify the campus. The plot assigned, is located directly in front of the field house, and work is in progress with every member contributing generously.

Miss Phi Beta Lambda, the charming and attractive, Miss Jeanette Taylor, who hails from Wharton, Texas, will be presented at the annual Miss Texas Teen Pageant. Miss Taylor, who is a junior, business education major, is very active in campus activities. Other than being a member of Club Chic, selected in Who's Who, among American Colleges, and Universities, and Miss Taylor's name has constantly appeared on the honor roll.

The events that have been scheduled for the remainder of the school term are on April 15, a picnic, and May 6, the annual Blue and Gold Ball.

Tuition

CONTINUED from Page 9
meet consequently higher college expenses, the associations declared.

And higher tuition would, at the least, offset the "advantages" many families might realize from tax credits.

The associations also point to these objections:

Supporters of the tax-credit plan have conceded that it would by-pass Constitutional provisions against using public funds for discriminatory purposes. By raising tuition, all colleges and universities — whether they adhered to non-discriminatory policies or not — could receive the indirect government assistance that tax credits would provide.

The money lost to the federal

MISS TEXAS HIGH — Miss Jesselyn Box, a junior at the Ralph Bunche High School of Crockett, Texas, will reign over the festivities for the MISS TEXAS TEEN CONTEST, April 7-8. Lovely Jesselyn was Miss Texas High for 1966-67.

government through tax credits for college expenses would probably have to be recouped — no doubt through additional federal taxation.

The associations feel there are a number of affirmative ways by which federal funds, state tax dollars and private support can be used to halt the rising cost of higher education to the individual.

Increased support of existing national programs and new programs of institutional support offer sounder ways of providing assistance than tax credit. They feel, through the wise use of the billion dollars that tax credit legislation would cost the Treasury each year "many dramatic and worthwhile accomplishments could be achieved for public and private higher education," a spokesman for the associations noted.

From The Sky Room

Mr. William Roger Hunter finished his study last semester in the Commercial Foods Department and has been assigned Food Production Supervisor of the Sky Room.

Hunter's training in food service began in Lincoln High School of Malakoff where he took food courses for four years, he continued his study of food while in attendance at Tyler District College of Tyler, Texas.

He came to Prairie View in 1965, during his tenure at

Prairie View he served Internship at the Statler-Hilton Hotel of Dallas and the Mary Hardin Baylor College of Belton, Texas.

Other experiences are as assistant chef at the Spanish Trace Inn, Athens, Texas, as a cook at Hackson's Cafe of Kerens, Texas, and has been with the Sky Room for the past 16 weeks.

One of Mr. Hunter's specialty dishes is "Scalloped Turkey and Dressing".

Red Cross To Offer Swimming Course

Over 100 million Americans will enjoy water recreation activities this year, and to increase the number of skilled water safety and boating instructors the American National Red Cross will again offer this summer an extensive program of instructor and leadership training.

Ten aquatic and small craft schools will be conducted in the Midwest between June and September, with emphasis on training Red Cross water safety instructors. The curriculum includes swimming, lifesaving, basic small craft safety, and first aid. Leadership training in the organization of camp, community and swimming pool aquatic programs is also provided.

Three schools will offer elective courses in handicapped swimming; three, optional courses in canoeing for instructor training; one, an elective in competitive swimming; and two, optional courses in boating for instructor training.

There will be a special section in the aquatic schools for training Red Cross First Aid instructors. There are no swimming requirements for these courses. Small craft schools to be held in Wisconsin and Missouri offer Red Cross instructor training in boating, canoeing, and sailing. No first aid or swimming courses are offered at small craft schools.

Outstanding volunteer aquatic and safety experts make up the faculty. There is no charge for instruction; the students pay only for room, meals, and individual supplies.

Enrollment is open to both experienced instructors and prospective instructor candidates, age 18 or older. Application may be made through local Red Cross chapters or through American National Red Cross, Midwestern Area, 4050 Lindell Blvd., St. Louis, Missouri 63108.

Freshman News

The Freshman Class has been eagerly awaiting the most important event of the year, the Freshman Spring Ball. The ball is to be held April 8th at 8:00 p.m. in the Prairie View Gymnasium-Auditorium. Music for the occasion will be provided by the "Mustangs", featuring vocalist, Matthew Robinson. The Freshman Class and their guests are anticipating a very enjoyable evening. Freshman Class sponsor is Rev. Van Johnson.

PV High School News

Mary L. Wolfe, a senior at the Prairie View High School had a painting, entitled, "Fantasy" accepted for exhibit at the Houston Museum of Fine Arts during the Seventeenth Annual Spring Art Festival. Her entry was among the 278 works selected from the 1,000 pieces submitted by junior and senior high school students in Harris and neighboring counties.

Mary is the daughter of Mr. and Mrs. R. C. Fletcher of Waller, Texas. This is her second artistic achievement.

Earlier this school year, she received a first place award in the Waller County Art Show. She is the student of Mrs. Pearl S. Martin. She was delighted to accompany other members of her special interest art class on a tour of the Houston Museum of Fine Arts recently.

PV Wins Golf Tournament Easy, Still Holds Edge in Tennis

Prairie View's top five golfers have won two major tournaments. The weekend of the 17th they won the Texas Southern Relay golf Championships with a 76.4 stroke average over 36 holes of play. In the Annual Prairie View golf championships the team claimed all honors winning with an average of 78 thru 36 holes of play.

Paul Reed won medalist honors in the TSU tournament with rounds of 75-75 for both days. Leonard Jones the ton golfer in the Southwestern Athletic Conference who was one stroke behind Reed at Texas Southern claimed medalist honors in the Prairie View tournament with rounds of 72-71 for the first and second days of play.

At Texas Southern in addition to Reeds 150 and Jones 151 36 holes round strokes, Edward Sanders finished third with 153 with 143; Edward Sanders and Curtis Carter with 159's and Richard Tennison 163. Prairie View claimed the first four medalist spots in the TSU tournament and at Prairie View the 1st, 3 and 5th medalist spots.

The teams enter competition with Jackson College and highly rated Tougalo in Jackson, Mississippi April 7th and 8th.

In tennis Prairie View claimed doubles champions and doubles runner-up in the recently held Prairie View tournament. Wright and Washington Batteaux and Robertson met in the finals bracket to end the tournament at that point.

The team enters a dual meet with Bishop the 29th of March.

ROTC Cadets Plan For Summer Camp Training

Six weeks of summer camp is the schedule for 2,600 cadets in the senior Reserve Officers' Training Corps (ROTC) program in the Fourth U. S. Army area of Texas, Arkansas, Louisiana, Oklahoma and New Mexico.

The ROTC program is being emphasized more this year than ever before because of the Army's need for junior officers to fulfill its worldwide commitments.

Attending the senior ROTC summer camp at Fort Sill, Okla., June 14-July 25, will be young men from universities and colleges in the five-state Fourth Army area; joining them will be another 500 cadets from the Fifth U. S. Army area. The senior or advanced summer camp is mandatory for completion of requirements toward a commission, and it is usually accomplished prior to the senior year in college.

Reserve component units slated to support the advanced summer camp are the 94th General Hospital, the 4005 U. S. Army Detachment (Dental Service) and the 451st Quartermaster Company (Service).

Other Fourth Army men will attend the basic ROTC summer camp at Fort Benning, Ga. This is the second year a two-year ROTC program has been offered. In this group are junior college graduates and others who have attended colleges not offering the ROTC program. The six-week camp is considered the equivalent of that provided in military science classes during the first two years of college and qualifies participants to enter the last two years of military training in the four-year ROTC program.

ROTC Inspection

CONTINUED from Page 7

Baseball Team Wins First Game

by Leon Brooks
The Prairie View Panthers won their first game of the season at the expense of the Bishop College Tigers of Dallas.

The Panthers defeated the Tigers with a score of 18-12. This was the green Panthers 9th game and their first victory.

The baseball team is composed of 80% freshmen. Coach (Knocker) McKinnis stated that "the team is green and inexperienced, but the players have shown signs of wanting to win and the hustle is there, but it's just a matter of time when our boys will win a number of our conference games."

The three leading batters of PV's baseball team are: Ozell Brandle of Conroe, with an average of 420; Arthur Hickerson, Houston, hitting at 400; and Booker T. Eason, Houston, hitting a cool 385. All three are freshmen. PV's leading home run hitter is Ozell Brandle, who has hit three this season. He hit two home runs against Bishop last Wednesday. The winning pitcher of that game, Richard Lewis, allowed Bishop seven hits and eight strike-outs.

Prairie View Panther

Defeats Bishop In Tennis Dual Meet

Prairie View defeated Bishop College of Dallas in tennis scoring 5 points out of the possible six in a recent dual meet played at Prairie View.

Results of the singles matches were:

Cox of Bishop defeated Batteaux (7-5) (6-2)

Washington (PV) defeated Jones (6-1) (6-1)

Wright (PV) defeated Whitaker (6-0) (6-1)

Robertson (PV) defeated Stevens (6-1) (6-1)

In doubles:

PV Wright and Washington defeated Cox and Whitaker (6-2) (6-3)

PV Batteaux and Robertson defeated Jones and Stevens (6-1) (6-0)

Intermural Sports News

Basketball

The Houston Guns have established themselves as possibly the top team in the tournament. Player coach Robert Shaw and the rest of the Gun squad certainly think they can win it all. The PV Sports however, have other ideas. The Sports have small, but good team in Bill Johnson, "Little" Edward Ford, Martin Epps, Hoover Wright, Leroy, Spencer, Lloyd Lindley and Joe Burks.

The Exes, coached by Robert Batteaux and R. Warren have a good chance of winning it with such players as C. Carter, a great rebounder and shooter and R. Goodbeer, D. Hines, Justice, R. Gee, and Wiltz.

Mose Hunter and O. G. Walker of the Hotshots with a little more heelp from the backcourt probably could have made it to the finals. The Alpha Phi Alpha's had a very fast team, but they were a little too short to make it.

PV Sports Quiz (Did You Know?)

Did you know that three of our female Physical Education instructors were track stars in college? They are Miss Bobbie Jacket, Mrs. Key A. White and Mrs. Eva J. James.

Miss Jacket ran track at Tennessee A&I College. She ran 100 and 200, a leg on the 440 relay team and threw the shot and discus and was invited to try out in the olympics.

Miss White was an outstanding track star at PV. She ran the 100 and 50 yard dashes.

Mrs. James also ran track at PV. She ran the 50, 100 and 200 yard dashes and ran a leg on the 440 relay.

Did you know Mrs. Emma Morris was a Tennis Star at Huston Tillotson College in Austin?

Did you know that Mr. Justice, mathematics professor, was an all SWC basketball star at PV during his college days?

Did you know while attending college in Georgia, Dr. Carl Weems played outstanding football there. He played end and lettered in this sport.

Prairie View Leads Nation

by William Lyons

Prairie View's brilliant mile relay team ran the fastest time in the nation in the mile relay Saturday at the Texas Relays in Austin, Texas. The team composed of Uriel Johnson, Finnis Taylor, Thurman Boggess, and Felix Johnson unleashed a 3:07.8 mile relay just 3 and 3 tenths of a second off the world record of 3:04.5 established by Southern University in 1966. The splits on the mile relay were as follows: Uriel Johnson 48.3, Finnis Taylor 47.3, and both Thurman Boggess and Felix Johnson ran 46.1 legs. Each member of the team received a Texas Relays' Clock and the team received a beautiful trophy for their efforts.

Coach Hoover Wright's cindermen showed their all around strength by capturing 2 first places, 1 second, 2 thirds, 1 fourth and 2 fifth places. Freshman Charles Williams brought away the other first place gold medal in the Freshman-Junior College high jump with an outstanding leap of 6 ft. 7 and 1/2 in. Johnny Gilder was third in the same event with a leap of 6 ft. 4 and 1/4 in. In the other field events, James Bagby, participating in the shot put with such

greats as Randy Matson, Toby Belt and others won fifth with an outstanding put of 55 ft. 3 1/2 in.

The other running events were highlighted by the second place finish in the sprint medley relay. The medals in sprint medley relay went to Finnis Taylor, Odell Newsome, Thurman Boggess and Felix Johnson. in an excellent time of 3:19.4. This event provided the most exciting race in the star-studded Texas Relays as P. V. and T. S. U. battled all the way. Taylor and Newsome opened for PV with 220's against Duncan and Smith for TSU. Newsome handed off to Thurman Boggess who picked up 10 yds. on James Hines in the 440 with a fabulous time of 45.1. As the crowd of 15 000 rose to their feet, Felix Johnson and George Hunt battled stride for stride in the 880 with Hunt winning by two strides. Johnson's time was 1:51.1 while Hunt anchored in a 1:50.0.

The Panthers 880 yd. relay team of Finnis Taylor, Jessie Ball, Matthew Johnson and Odell Newsome won third with at time of 1:25.3. A new PV school record was set in the distance medley relay in the

MILE RELAY TEAM — From left to right, Finnis Taylor, Thurman Boggess, Odell Newsome, and Felix Johnson, ran the fastest time in the nation in the mile relay Saturday at the TEXAS RELAYS in Austin.

Panthers in 3:07.8 Mile Relay

The Prairie View mile relay team, consisting of Uriel Johnson, Finis Taylor, Thurman Boggess, and Felix Johnson

tune of 10:09.5 with a team composed of Uriel Johnson (48.1), David Hall (1:53.8), James Smith (4:23.2), and Elton Conjar (3:04.4), for a fifth place finish. The two mile relay team of Ball, Conjar, Hall and Smith ran a 7:48.1 for 6th place.

The Panthers were participating without their ace sprinter Willie Dearion. Better things

blazed the tracks at the Texas relays in a brilliant time of 3:07.8 and finally established themselves as a top contender in the upcoming S. W. A. C. meet. It was the second straight

are to come from this fine group of trackmen. Congratulations to Coach Hoover Wright and his great trackmen for their great showing at the star-studded Texas Relays. We are really proud of you.

Prairie View journeys to Howard Payne College this weekend.

victory for the fleet foresome. They won the P. V. relays in 3:12.5, but many skeptics contend that Prairie View won that race only because of a bad baton exchange by Southern University. But the Panthers proved their victory was no flop in Austin, as Johnson opened with 48.3 quarters, followed by Taylor 47.3, and Boggess and Johnson both finished in 46.1.

Coach Hoover Wright's over-all track squad is improving every week and continue to gnaw away at the prestige built up by such track dynasties at Texas Southern and Southern.

P. V. RELAYS

FRESHMEN

440 Relay — 1. TSU (Robert Green, Philip Cosey, Robert Walker, Christian), 41.7; 2. Southern, 42.6; 3. Arkansas, 43.6; 4. Philander Smith, 44.1.
